FIRM PROFILE

Who are we?

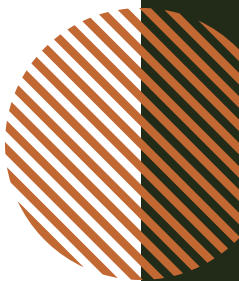

The firm was founded in the year 2016 as Gikenye Mugo & Rienye Advocates to provide effective and efficient legal services to our clients. In the year 2024 the firm was incorporated as a limited liability partnership under the name of GMR ADVOCATES LLP.

At GMR ADVOCATES LLP, we handle all your legal compliance worries so that you may focus on what you do best. We provide diverse legal services to a wide range of clientele who include but are not limited to banks, constitutional bodies, financial institutions, county governments, companies and private individuals. To be the cradle of innovative and creative legal solutions, where new and effective ways to solve legal problems are developed.

Values

We are committed to creativity, confidentiality, integrity, professionalism, transparency & team-work.

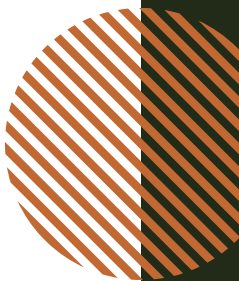

SERVICE DELIVERY

We are proactive and competitive in every case. We scrutinize all documents and instructions carefully, then research on the applicable law. Next, we discuss the matter at the partner's weekly meeting and delegate the task to our best suited advocate. At our firm, all services are tailored to each client's needs

In addition to delivering quality services to the client, we:

- Share our legal opinion and a detailed execution strategy with the client.

Internal Organization

GMR Advocates has three Departments to handle clients' needs.

1. **Litigation Department.**
2. **Corporate and Commercial Department.**
3. **Advisory, Consultancy & Alternative Disputes**
4. **Resolution Department.**

1. Litigation Department

We have astute litigators who can handle even the most complex litigation matters. We represent clients in all courts including the Supreme Court, East Africa Court of Justice, Court of Appeal, High Court, Employment and Labor Relations Court, Environment and Land Court, Magistrate's Court, Kadhi's court as well as all tribunals in the land such as Business Premises Rent Tribunal, Rent Restriction Tribunal, Energy Tribunal, Environment Tribunal, Standards Tribunal, among others. This department is split into smaller divisions. These are:

- **Debt Recovery Division**
 - **Commercial Litigation Division**
 - **Civil Litigation Division**
 - **Criminal Litigation Division**
- 
- A decorative graphic in the bottom right corner consisting of a circle with diagonal orange and black stripes.

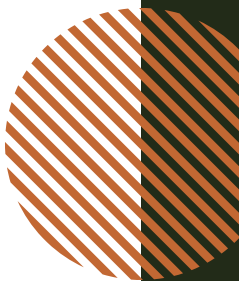

Debt Recovery Division

Debt recovery is of concern to many businesses hence the creation of this division. We have creative strategies for quick recovery action to supplement court processes which are slow and prone to delay tactics by debtors. Moreover, debtors respond positively to appropriate pressure from lawyers as opposed to other debt collection agencies. Our private investigators trace the debtor's assets and establish the debtor's financial standing prior to taking court action to establish whether the client is likely to execute any decree eventually obtained. This way, clients save time and costs.

Commercial Litigation Division

This division deals with matters arising from banking law, commercial transactions, securities, tax matters, receiverships as well as purported violations of bank client relationships.

Our advocates deal with disputes such as:

- **Injunction application arising when, for instance a financial institution such as a bank tries to realize its securities.**
 - **Breach of contract and or bank customer relationship.**
 - **Breach of duties imposed by any law in force**
- 

Civil Litigation Division

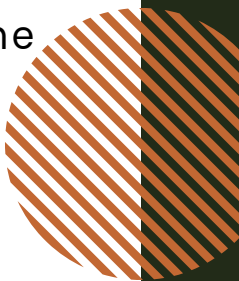

This division offers high quality litigation services in disputes relating to use and occupation of land and environment, employment and labor relations disputes, defamation, malicious prosecutions among others

Criminal Litigation Division

This division offers high quality litigation services in disputes relating to use and occupation of land and environment, employment and labor relations disputes, defamation, malicious prosecutions among others.

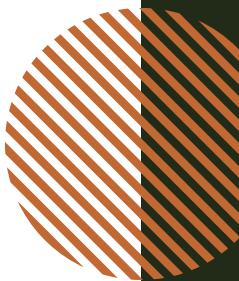

2. Corporate and Commercial Department

This department handles investment, corporate, banking and financial transactions. We have a reputation in security perfection having acted for several high-profile clients including banks, Saccos, Micro finance institutions, developers and real estate whereof the firm has successfully handled complex multi-billion transactions. We have established great rapport in various registries across the country which help overcome obstacles brought about by bureaucracy.

3. Advisory, Consultancy & Alternative Disputes Resolution Department

At GMR Advocates, we appreciate that court action should be the last option owing to cost, time implication and the damage caused to the relationship between the parties. We advocate for alternative dispute resolution modes such as arbitration, mediation and reconciliation. These methods help to retain and sometimes bolster business relationships that existed before the dispute. We also render sound advisory, legal audit and consultancy services to our clients, to ensure they are fully compliant with all the laws and regulations affecting their business operations. This helps avoid disputes and ensures that the client retains a technical advantage in the event of a dispute.
